Vol. 5 No. 4 April 2026

---

Welcome to the inaugural issue of the Formosa Journal of Science and Technology (FJST), a platform dedicated to the advancement and dissemination of knowledge in the fields of science and technology. As a peer-reviewed journal, FJST aims to publish high-quality research articles, reviews, and case studies that reflect the latest advancements and innovative practices in various scientific disciplines.

In an era characterized by rapid technological change and scientific exploration, the importance of sharing research findings and fostering collaboration among scholars cannot be overstated. FJST seeks to bridge the gap between theoretical knowledge and practical application, providing researchers, practitioners, and educators with a forum to exchange ideas, discuss challenges, and explore solutions.

Each issue of FJST will feature contributions from diverse fields, including but not limited to, environmental science, engineering, information technology, and biotechnology. Our editorial board comprises esteemed scholars and practitioners who are committed to maintaining the highest standards of academic integrity and rigor.

We are excited to showcase a collection of groundbreaking research in this issue, reflecting the vibrancy and dynamism of the scientific community in Formosa and beyond. We invite our readers to engage with these articles, share insights, and contribute to the ongoing dialogue that drives innovation and progress.

Thank you for being a part of the Formosa Journal of Science and Technology. We look forward to your support and contributions as we embark on this exciting journey together.

Sincerely,

Professor Jen Peng Huang

Editor-in-Chief, Formosa Journal of Science and Technology (FJST)
